Membership Subscriptions

Background

Although membership subscription remains a vital source of income for the Club, we recognise the fact that the 2020/21 season has been somewhat truncated and that the Covid-19 pandemic has affected many people in many different ways. To this end, for each Membership type, we are offering two subscriptions. The first will remain capped at the 2020/21 levels and we sincerely hope those who can afford to pay these fees will continue

to do so. The second option is open to **Active Members of the current 2020/21 season only** but will offer a 25% discount to the 2020/21 fees.

Finally, as a community club, we obviously want as many participants as possible and would not like anyone to walk away because of their financial situation. Any individual cases will still be judged by the membership secretary to offer an appropriate financial support.
